Management Overview

FIG Property Management

FIG
PROPERTY MANAGEMENT

HELLO!

FROM OUR PRESIDENT

At FIG Property Management, we believe property management should do more than simply collect rent and coordinate repairs. Our role is to protect and grow your investment.

Founded in Knoxville, Tennessee, FIG Property Management was built by real estate investors for real estate investors. With an ownership portfolio of more than 100 doors ourselves and over 700 doors currently under management, we understand the realities of ownership — from vacancy pressure to maintenance costs to long-term asset preservation.

Our approach is simple: align our success with your success.

Unlike traditional property management companies that reward staff based on leasing volume, our team is structured around the metrics that matter most to investors:

- Vacancy rate
- Days on market
- Turn time between tenants
- Tenant retention
- Asset preservation
- Net operating income

We believe property management should operate like a professional asset management service, combining people, processes, and technology to maximize performance.

Looking forward to partnership!

Katie Linkous

Why Owners Choose FIG

Owners partner with FIG Property Management because we operate differently than traditional property managers.

We provide:

- Investor-focused decision making
- Scalable operational systems
- Transparent reporting
- Technology-enabled leasing and maintenance
- A team aligned with owner performance metrics

Our goal is simple: maximize the long-term performance of your real estate investment.

FIG

Our Value

Investor Mindset

- We are investors ourselves. Our systems, pricing decisions, and operational processes are built around protecting ROI and improving property performance.

Scalable Systems

- Over the past several years we have invested heavily in process documentation, automation, dashboards, and workflow management. These systems allow us to manage properties efficiently and consistently across multiple markets.

Technology Driven Operations

- Our platform integrates leasing, maintenance, communication, and financial reporting into one system to provide transparency and speed.

Performance Metrics

We track operational metrics across our portfolio including:

- Days on market
- Turn timelines
- Maintenance response times
- Tenant satisfaction
- Owner satisfaction
- Portfolio vacancy trends

This allows us to continually improve performance for our owners.

Owner Benefits

Partnering with FIG Property Management gives owners access to a full operational platform designed to protect and optimize their asset.

Strategic Leasing & Marketing

- Listings syndicated across major rental platforms including Zillow, Apartments.com, and Trulia to maximize exposure and generate high-quality applicants.

Market-Driven Pricing

- Annual rent analysis utilizing professional market data tools to ensure rents remain competitive and optimized. More importantly, we know our markets.

Transparent Owner Portal

Owners receive access to an online dashboard including:

- Financial reporting
- Maintenance tracking
- Lease documentation
- Property performance data

Maintenance Oversight

- Maintenance coordination ensures issues are addressed quickly to protect the property while controlling costs.

Electronic Documentation

- Leases, renewals, and agreements are handled digitally for efficiency and recordkeeping.

Tenant Satisfaction Tracking

- Regular Net Promoter Score surveys help us monitor tenant experience and retention.

Ryse

- Ryse offers rent advances that let you receive up to 11 months of future rent in cash today, at 90% of its value, if eligible.

FIG
PROPERTY MANAGEMENT

Resident Experience

Happy residents lead to longer tenancies and lower vacancy costs. FIG focuses on creating a professional, technology-enabled rental experience that improves retention.

Convenient Rent Payments

- Online payment options and Cash Pay services allow residents to easily submit rent payments.

Self-Showing Technology

- Rent Engine automated showing systems allow prospective tenants to tour properties at their convenience, increasing leasing velocity.

Maintenance Portal

- Residents submit maintenance requests through the Property Meld platform, allowing for transparent tracking and faster response times.

24/7 Emergency Maintenance

- Emergency issues are addressed quickly to protect both residents and property assets.

Resident Benefit Package

Each lease includes a benefit package that provides:

- Renter's insurance
- Credit reporting for on-time rent
- Rewards and cash-back programs
- Additional tenant perks

FIG
PROPERTY MANAGEMENT

Rent Collection Accountability

Our rent collection philosophy balances professional accountability with practical solutions.

Rent reminders are issued prior to the due date and late notices are sent according to state law if payment is not received.

When issues arise, our team works proactively with residents to resolve payment problems before they escalate. However, when necessary, we pursue legal remedies to protect the owner's investment.

Eviction is always the last option — but when required, our team ensures the process is handled efficiently and professionally.

FIG
PROPERTY MANAGEMENT

Maintenance Strategy

Maintenance is one of the most important aspects of protecting an investment property. FIG utilizes trusted vendor partners to ensure quality service and efficient cost management.

Our maintenance services include:

- Preventative maintenance oversight
- Vendor coordination and scheduling
- Work order tracking through the management platform
- Transparent communication with owners

This system ensures repairs are handled quickly while minimizing unnecessary expenses.

FIG
PROPERTY MANAGEMENT

Pricing Structure

Our pricing is designed to provide comprehensive management while remaining transparent and aligned with property performance.

Typical pricing includes:

- 8% management fee on collected rents
- 50% leasing fee for new leases (based on monthly rent amount)
- $250 renewal fee for renewed leases
- $10 per unit monthly accounting fee
- $25 per unit monthly maintenance coordination fee
- External vendors are coordinated by management and invoices are billed to the property/owner
- $300 approval threshold for maintenance work orders

Management fees are only charged when rent is collected.

If you have multi properties or a multi unit complex please discuss custom pricing structures with us.

Knoxville Property Management Fee Benchmarks
2025–2026 Market Overview

1. Monthly Management Fee (% of Rent)

- Typical Knoxville range: 8% – 12%
- Broader industry range: 6% – 12%
- Most single-family portfolios fall between 9% – 12%
- 8% is typically considered discounted pricing

2. Leasing Fee (Tenant Placement)*

- Typical Knoxville benchmark: ~50% of one month's rent
- Industry range: 50% – 100%
- Lower-fee operators: 25% – 50%

3. Lease Renewal Fees*

- Typical range: $150 – $200
- Some firms charge a percentage of rent instead
- Industry average: approximately $250

4. Maintenance Fees

- Typical markup: 25%++
- Some firms charge a flat coordination fee (commonly around $50/work order)

5. Additional Common Fees

- Setup / onboarding: $150 – $300
- Inspection fees: $75 – $125 per visit
- Eviction coordination: $100 – $300 plus legal costs
- Marketing / vacancy fees may be included or charged separately
- Administrative or technology fees: $10 – $30 per month

FIG
PROPERTY MANAGEMENT

Benchmark Summary

Benchmark Summary

Fee Type	Low	**FIG**	High
Management Fee	6–8%	8%	10–12%
Leasing Fee	25–50%	50%	75–100%
Renewal Fee	$0–$150	$250	% of rent
Maintenance Markup	0–5%	10-20%	15–25%
Setup Fee	$0–$150	$50+	$300+

***Leasing and Renewal Fee FIG Guarantee:**

- We guarantee that we will only charge our fee once per 12 months. Other companies will charge the leasing fee with any move in, even if a unit turns more than once in a calendar year. Our fee is also lower than the market average by at least 15%.

Key Takeaway

While management fees are often quoted between 8% and 10%, the true cost of ownership typically ranges between 12% and 20% annually when factoring in vacancy, leasing costs, maintenance, and turnover.
